

Safe Home Volunteers

The Blue Lamp Trust are looking for people with a passion for helping vulnerable people in the community to deliver talks and host stands at events to promote our free Safe Home & Safe Online services, raising awareness and encouraging referrals.

These services support vulnerable and older people across Hampshire and the Isle of Wight, preventing them from being victims of crime in the home or online, or providing support post victimisation.

Talks and events are carried out on request, weekdays, weekends and evenings. The commitment is not to a specific day or number of hours, work will be allocated to suit your availability.

Training will be provided and there will be opportunities to shadow Safety Technicians and Safe Online Advisers to fully understand the services offered and see firsthand the impact our work has on our clients. Talk/Event kits will be provided.

You will be invited to attend team meetings approximately 4 times per year, via Teams or in person in Eastleigh.

Volunteers will need a car and full driving licence. Travel Expenses will be paid.

To express your interest please email safehome@bluelamptrust.org.uk
